

CT001149

HDMI to DVI Cable

UL20276 Listed Cable -
Maintains flexibility for easier routing and durability.

Copper construction with PVC dielectric for low signal loss.

Fully Shielded - Braid over foil shielding for excellent RF and EMI interference protection. Improves signal quality.

Gold Plated Connectors - Maximum signal transmission and corrosion resistance for reliability.

Electrical Performance

Dielectric Strength: 300VAC / 10ms
Insulation Resistance: 10M min
Contact Resistance: 2 Ohm max

Mechanical Performance

89-110N cable pull force for 30 seconds

Insulation

Black PVC Resin
UL94V-0 rated

Length

78 inches
(2000mm)

Connector

HDMI / DVI

Material
